CHASE FOR AGUINALDO

Is Vividly Described In the Report of General S. B. Young.

RESCUE OF LIEUTENANT GILMORE

Movements of the American Troops In Northern Luzon and Exciting Incidents of the Pursuit of the Filipinos.

Washington, May 25.—The second installment of General S. B. Young's report upon his operations in the Philippines was made public at the war department. It deals with the pursuit of Aguinaldo through northern Luzon, the rescue of the Spanish prisoners in the hands of the Filipinos, and the recapture of Lieutenant Gilmore of the navy and his party.

On Nov. 17 last General Young wired General Otis from Pozorrubio to the effect that Aguinaldo was a fugitive seeking escape to the mountains or by sea, and immediately set out in hot pursuit.

The chase was a close and exciting one, and at times the Filipino chieftain was dangerously near capture. Aguinaldo and Tinia, after being pursued relentlessly as far as Cagayan, separated, the former making for Lepanto by the mountain trail and the latter going north to defend the pass in the Tangadan mountains.

Major March was thereupon dispatched with his battalion of the Thirtieth infantry volunteers to continue the chase after Aguinaldo, while General Young proceeded to attack the Tangadan pass, which Tinio boasted would never be taken by American troops. After a spirited engagement Tinio's prediction was set at naught on Dec. 4.

Meanwhile Major March, in pursuit of Aguinaldo, had met and routed General Gregorio del Pilar's forces in the Tila pass. General Pilar receiving his death wound in this engagement.

Continuing as to the further pursuit and final recapture of both American and Spanish prisoners, the report says:

"On Dec. 16 a signal from the advance guard warned them that they were in the presence of a possible enemy. A reconnaissance developed a party of insurgents, and in the rush five of their number were killed and 10 taken prisoners. With this detachment were McDonald, Fitzgerald and Farley, American prisoners, who were recaptured. Lieutenant Gilmore had left the place with the rest of the prisoners early that morning, but when overtaken the following day, Dec. 17, had been abandoned by his guard, who had learned of the proximity of the pursuing forces.

"On Dec. 17 General Conception and staff, consisting of five officers and six enlisted men, were captured by Major March. On Jan. 1 Aguinaldo's wife and sister, two sisters of Colonel Leyba, wife of Colonel Sitayor, the wife of Lieutenant Cristobal, Colonel Sitayor, Lieutenant Colonel Paez, three officers of lesser rank and 10 or 12 servants, all belonging to the retinue of Aguinaldo, were sent in by March."

There was the first official mention of the exploit of Second Lieutenant Monroe of the Fourth cavalry, who, while in command of a small detachment, telegraphed into Bayombong that he was approaching the town in large forces, and demanded the surrender of the place. The ruse was successful, and the vastly superior forces of the enemy laid down their arms.

"Lieutenant Castner, with his detachment of Lowe's scouts, marched on Bayombong, where he found Second Lieutenant Monroe of the Fourth cavalry, in command of a small detachment, negotiating for the surrender of the place. Lieutenant Castner generously deferred to Lieutenant Monroe, and allowed him to receive the surrender of General Canan, his aides and the forces garrisoning the town. In this connection it may be stated that the march of Lieutenant Castner's detachment covered a period from Nov. 10 to Dec. 21, is one of the most remarkable on record, and it is probably the longest continuous march made during the Insurrection.

"Captain McCalla of the United States navy received the surrender of General Tirona and the insurgent forces in the province of Cayagan at Apandi."

"On Jan. 5 Lieutenant Gilmore and the recaptured American prisoners arrived at Vigan. At San Isidro the first Spanish prisoners joined the column; and from then on at almost every town through which the troops passed. The advance was so rapid that it was not possible to make lists at all places, but it is believed that the total number of Spanish prisoners released by the command was 4,000."

AT A STANDSTILL.

Old Dealers in the Iron Business Are Puzzled.

Cleveland, May 25.—The Iron Trade Review says: "The iron trade is slowing almost to a standstill. An almost entire absence of buying and at the same time a rate of consumption known to be close to the highest, if not the highest, make a combination the trade has never seen, and it is not surprising that those longest in the business are puzzled by it.

"It appears that few of the inquiries made result in business, and it is probable that many of the inferences made by bidders as to the success of competitors in getting business are wrong, and that instead of closing elsewhere at a lower price the inquirer simply did nothing. The large steel companies have diagnosed the situation as one not to be helped by reducing prices. No change has been made in the \$35 agreement as to billets, but no steel is sold at that price."

Exercises at Fredericksburg.

Fredericksburg, Va., May 25.—Fair weather favored the presidential party in their visit to the memorial services of the Army of Potomac here. It was distinctly Confederate weather, however, with more gray than blue in the sky. The special train from Washington arrived at 11:10 and the whole population of the staid old Virginia town grouped about the depot or massed along the main street, with the national colors in evidence everywhere.

The special train carried all the members of the cabinet except Secretary Wilson. There were also in the party General Nelson A. Miles, his chief aide, Colonel Michie; General Joseph Wheeler, former Adjutant General Ruggles, who was colonel of the president's old regiment during the war, and the Marine band. The train was met at Quantico by a reception committee from Fredericksburg, consisting of Hon. Horace F. Crisman, Major T. P. Morris and Postmaster John M. Griffin, who accompanied the presidential party to Fredericksburg, where they were turned over to the hospitalities of the local committee.

White's Name Considered.

Washington, May 25.—Andrew D. White of New York, United States ambassador to Germany, is being seriously considered by Republican leaders as a vice presidential possibility. His name will be further discussed at a meeting of members of the national committee in Philadelphia on Saturday next. Senator Hanna will probably serve another term as chairman of the Republican national committee. Henry C. Payne of Wisconsin is the only other man whose name is now mentioned. If Mr. Hanna continues as chairman, Representative Dick of Ohio will continue as secretary, and it is probable he will relieve the chairman of much of the work of the campaign.

Receded From Demands.

Philadelphia, May 25.—The Ingrain Carpet Loom Fixers' and Weavers' union has decided not to insist upon the demand recently made on the manufacturers for an increase of 7 per cent in wages, to go into effect June 1. By this decision a strike of about 8,000 men is averted. After the new scale had been presented—committees representing the union and employers held frequent conferences. The employers, however, recognized the right of the men to form unions. In consequence of these conferences the committee representing the employees advised against pressing the demand and their report was favorably received.

About Iron Workers.

Indianapolis, May 25.—Leaders of the Amalgamated Association of Iron, Steel and Tin Workers say they are determined to organize several large mills when the new scale is signed by the manufacturers. They say it is now time to force several mills, including the Braddock and Homestead plants of the Carnegie company, into line. W. H. Evans, the suspended vice president of the Fifth district of Indiana, has not been reinstated, and likely will not be, although his friends continue the fight for him. President Schaffer has out-generaled his opponents and will be re-elected.

Bloody Deeds of Boxers.

London, May 25.—A special dispatch from Shanghai says advices from Szechuan, province of Hu Peh, report that "Boxers" have destroyed two villages and massacred many converts of the French missionary stations. The general commanding at Shi Nan Fu, it is added, sent a regiment to the scene of the disturbances. The soldiers were ambushed by the malcontents and lost 26 men killed. Reinforcements have been dispatched from Ichang.

Columbus, O., May 25.—Covington Home Telephone company, \$20,000; Dexter Manufacturing company, Troy, \$10,000.

LANDED IN COLUMBUS.

Richard Gardner Spirited Away From Athens to Avoid a Mob.

THE WOULD-BE LYNCHERS FOILED.

The Accused Slayer of Ethel Long Is Hidden For Hours in the Court-house Dome at Athens. Inquest Over Victim.

Columbus, O., May 25.—Richard Gardner, negro, accused assailant and slayer of little Ethel Long, near Austin, Ross county, who was removed from Chillicothe to Athens for fear of mob violence, was placed in the Franklin county jail at the Capital City, to escape a mob at Athens.

As the Toledo and Ohio Central train drew up at the station a tall negro, black as ebony, with a suit of clothes that were rent and torn, hobbled from the smoker, quickly followed by Marshal Peter Finsterwald of Athens in full uniform, and Sheriff C. H. Porter of Athens county. The latter wore a borrowed straw hat and was traveling as much as possible incognito.

The negro was shuffled quickly to the baggage room, while a policeman slipped to a telephone and ordered a patrol wagon to take the prisoner to the county jail.

In the meanwhile Sheriff Swepson of Chillicothe and Deputy Sheriff McDonald of Columbus had appeared, and ordered a yellow-wheeled hack, into which the whole bunch was bundled and hustled by back streets to the county jail.

This move was made none to soon, as a big crowd had begun to collect, and there were muttered threats of "Lynch the brute," "Some one get a rope," and the like.

It was said at the train that Judge J. C. Douglass of Chillicothe would be back, and that he would immediately summon a special grand jury, and that Prosecuting Attorney H. C. Claypool would take the matter up at once.

The idea is to secure an indictment at once and then to look for a change of venue, possibly to secure a change of Franklin county, as it is extremely hazardous to have the man tried at Chillicothe, or any of the adjoining counties.

It was learned from Sheriff Porter that Gardner was hidden in the dome of the courthouse at Athens, and the mob supposed he was in the jail at Athens.

As a ruse a "phony" negro was taken away in a buggy. Later, when all was quiet, the real Gardner and the sheriff took a rig and drove 15 miles across the country to Trimble, where the train for Columbus was taken. Gardner denies he assaulted the girl.

Gardner's Pass Book Found.

Chillicothe, O., May 25.—The coroner held his inquest in the case of Ethel Long, the victim of Richard Gardner. The mother of the murdered child was examined at the home of the Longs. The rest of the inquest was held at the Austin town hall. No new developments resulted further than the finding of a pass book with Gardner's name in it, by a section foreman of the Cincinnati, Hamilton and Dayton, about one-quarter of a mile east of the spring where the crime was committed.

The Cotton Market.

New York, May 25.—The cotton market opened irregular with the present crop months up 7 to 20 points, and the new crop options 2 to 5 points higher. Speculation on the call was tremendous and general, with the south still conspicuous as a seller, Liverpool as a buyer and the local trade as an operator on both sides. A decidedly better set of early English cables than looked for were responsible for the marked advance in the near positions. Subsequent cables from Liverpool depicted unsettled conditions in that market, which led to a change of mind of prospective buyers and led to brisk selling, with the result that but little change occurred. Following the call the market was extremely erratic.

A Campaign Issue.

Washington, May 25.—Notwithstanding the declaration of the president that the United States will not interfere in the South African war, the Boer commissioners expect that political expediency will cause him to make a move, which will be beneficial to their cause. It will be the earliest effort of the South African sympathizers in the United States to make the failure of the president to act in the interest of peace one of the prominent issues of the campaign.

Mr. Morgan's Bill.

Washington, May 25.—Mr. Morgan introduced a bill in the senate to pun-

ish crimes against the United States not committed within a state. He said the bill seemed to unlock the difficulty the government was now in as to the extradition of an offender from the United States to Cuba. The bill was referred to the judiciary committee. The Philippine bill was then taken up and Mr. Morgan addressed himself to it.

WRECK ON SUBURBAN.

Three Men Killed on Akron and Cuyahoga Falls Electric Line.

Akron, O., May 25.—Three men were killed and a number of others seriously injured as a result of an accident to a work train on the Akron and Cuyahoga Falls Rapid Transit (electric) suburban line. The brakes on two cars loaded with gravel and carrying about a dozen workmen became disabled at the top of a steep grade. The cars rushed down the incline at a terrific speed. Nine of the workmen jumped from the cars as they sped along and were seriously injured. Three men stuck to the cars until they jumped the track at the bottom of the hill and were killed in the wreck.

The dead are: Jack McMahon, Michael Penders and K. Welker.

Among those badly injured are: Noah D. Updegraff and Jack Haley.

KENTUCKY DEMOCRATS

Favor Columbus as the Place For National Headquarters.

Frankfort, Ky., May 25.—The Democratic state executive committee has recommended that Columbus, O., be selected as the Democratic national headquarters for the campaign of 1900.

A Protest Filed.

Chicago, May 25.—A formal protest against the taxation of legacies to charitable, educational and religious institutions was made to congress by the Methodist Episcopal general conference. The protest, which was in the form of a petition introduced by W. J. Welch of the Wyoming conference, characterizes such taxation as "contrary to public policy, and to the aim and spirit of our national institutions, as practically taxing directly the institutions which do most to aid government and benefit our people, and is in effect taking money dedicated to public uses." Previous to the reading of nominations, the conference refused to reverse the action of the Colorado conference in the case of J. F. Passmore, at one time a prominent clergyman, who was expelled from the church and deposed from the ministry, charged with making bitter attacks on ministers and bishops of the church.

As a ruse a "phony" negro was taken away in a buggy. Later, when all was quiet, the real Gardner and the sheriff took a rig and drove 15 miles across the country to Trimble, where the train for Columbus was taken. Gardner denies he assaulted the girl.

Work of Presbyterians.

St. Louis, May 25.—At the forenoon session of the Presbyterian general assembly the Peoria overture was adopted by a vote of 257 to 229. The commissioners expressed general satisfaction concerning the amount of important measures passed upon by the assembly and the results attained, especially the peaceful solution of the McGiffert case, generally conceded wise disposal of creed revision and the complicated and voluminous Warzwick case, which had been before the church courts three years. Philadelphia was selected for the meeting place of the assembly in 1901.

The Neely Case.

New York, May 25.—It was stated by the officials in charge of the Neely case that the expected papers from Washington, which are to start another civil action against Neely, have not yet been received. It was also stated that the affidavit filed by Gordon M. Buck, a lawyer, to the effect that the \$20,000 deposited as bail in the criminal charges brought against Neely belonged to him will be without effect, and that an attachment will be served on the sum named.

On Aguinaldo's Trail.

Manilla, May 25.—Major Peyton C. March, with a battalion of the Thirtieth infantry, and Colonel Luther R. Hare, with another part of the Thirtieth regiment, while scouring the country northeast of Benguer, report that they have struck the trail of a party of Filipinos traveling in the mountains, and believe they are escorting Aguinaldo. Major March is continuing the pursuit across an exceedingly difficult country beyond the telegraph lines.

Arrested For Murder.

Evansville, Ind., May 25.—Joseph Keith and his son were arrested at Elberfeld, charged with the murder of Nora Kifer. William Clark, who came to Evansville March 29 to marry the girl, was also arrested as a witness.

New York, May 25.—Magistrate Zeller, in the Jefferson Market police court, held the seven persons, officers and directors, against whom summonses were issued as organizers of the American Ice company, for violation of the laws relating to monopoly. In \$2,000 bail each for the grand jury.

Sage and Gould Hit.

Chicago, May 25.—The directors of the board of trade declared irregular the Wabash elevator of the Chicago Elevator company, of which Russell Sage is president and George Gould a director. The resolutions stated in effect that there was no grain in the elevator for the outstanding receipts.

Winona, Minn., May 25.—The vault of the bank of Dover, an adjacent town, was blown open by burglars and \$4,500 taken. The burglars made good their escape.

NEXT PITCHED BATTLE

Between the British and the Boers Expected In a Day or Two.

GENERAL SURVEY OF WAR SITUATION

Another Advance of the Troops Under Lord Roberts Along the Railroad Toward Pretoria Is Reported From London.

London, May 25.—Another advance along the railroad toward Pretoria has brought Lord Roberts' troops to Vrededorp road, a few miles north of Prospect, where they arrived at noon.

In the meanwhile, General Methuen is progressing along the southern bank of the Vaal river, with the object principally of making a dash at Clerksdorp when he arrives opposite that railroad terminus.

General Hutton's column is apparently in the neighborhood of Vrededorp, 15 miles west of the railroad, whence it threatens the Federal's right flank.

The next couple of days ought to settle whether Lord Roberts will encounter serious opposition south of the Vaal, but the best opinion believes the next big engagement will be fought just south of Johannesburg, and that the fight there, and possibly one at Laings Nek will prove the last pitched battles of the war.

The latest indications almost point to the latter being the more stubborn of the two. It is hoped here that General Buller will delay until Lord Roberts is able to detach a force to seize Heidelberg and several railroad communications between Johannesburg and Laings Nek.

Hunter at Vryburg.

Warrenton, May 25.—Operations have been pushed forward 80 miles, one of General Hunter's brigades having occupied Vryburg. Considering the difficulties of the roads, this is a remarkable achievement from a mixed force, short of rations, making forced marches. Water is scarce. Some portions of the brigade covered 18 miles without a break. General Hunter personally went to Vryburg by train.

Strike at St. Louis.

St. Louis, May 25.—Twenty-two lines of St. Louis Transit company were in operation, but the number was insufficient to accommodate the thousands who still have to depend on vehicles and bicycles, or walk to work. There is a possibility that the Suburban line, whose employes are becoming impatient over the alleged failure of the management to return discharged men to work, will again be tied up. There is some doubt that the cars of the St. Louis Transit company will be in operation Saturday, owing to the fact that the Democratic primaries will be held on that day and the police will be required at the polls. At 6 a. m. an attempt was made by somebody unknown to blow up a car on the Spaulding avenue line of the St. Louis Transit company. The wheels of the first car out struck something that exploded with a loud noise and lifted the car two or three feet into the air. While the explosion startled residents for blocks around the vicinity, no damage was done and nobody was injured.

Laid on the Table.

Washington, May 25.—Senator Carter of Montana presented the certificate of Governor Smith appointing Hon. Martin Maginnis senator, to fill the vacancy occasioned by the resignation of Senator Clark, and to which Mr. Clark had also been appointed by Lieutenant Governor Spriggs, in

SENATOR HALE

Rakes His Party for Its Imperial Policy.

Says the Carnival of Corruption and Fraud in Cuba is Its Natural Outgrowth.

WASHINGTON, D. C., May 23.—The administration apologists had a hard time of it in the Senate to-day. Mr. Platt, of Connecticut, tried to clear the skirts of the President of responsibility for the frauds unearthed in Cuba. Incidentally Mr. Platt tried to stave off a Congressional investigation as called for by the resolution of Mr. Bacon (Georgia) on the plea that the ends of justice would be defeated by interference with the Government machinery now in motion.

Mr. Spooner resumed his proposed administration speech on the Philippines. He incidentally referred to Cuba, and that gave Mr. Hale, of Maine, an opening. A debate followed of great import and fraught with language of the pejorative sort.

Mr. Hale interrupted Mr. Spooner to say that in view of what happened in Cuba it would have been better had we abandoned it.

"Does the Senator think," inquired Mr. Spooner, "in the case I have put we should have abandoned Cuba?"

"I think it would have been the best thing in the world for us if we had done it," replied Mr. Hale. "I think if we were found that the population in Cuba were as hostile to us as it had been to Spain we should have abandoned it and been glad to get rid of it."

"Well," replied Mr. Spooner, "that is a matter of opinion. In the case I have put I believe we should have taken Cuba and held it, giving to the people of Cuba what they never had had in the world, individual liberty and good government."

Mr. Hale: "The Senator has more confidence than I have in the experiment we are trying to-day of teaching the people of Cuba honesty and good government. I think we would have been better off if we had not taught the Cubans the lesson that has been taught in the last few months."

Mr. Spooner: "What lesson?"

Mr. Hale: "The lesson of fraud, peculation, cheating, appropriation of revenues, stealing, carnival in every direction of corruption and fraud."

Mr. Spooner (warmly): "It is a little tiresome for me to be called upon on this side of the chamber to reply to a Democratic speech."

Mr. Hale: "I am as good a Republican as the Senator from Wisconsin. I do not recognize any party obligations that compel me to consent to the proposition that every thing has gone right in Cuba."

Mr. Spooner: "Nobody pretends it."

Mr. Hale: "I do not think the experiment has been a failure. I would vote to-morrow to withdraw from Cuba and leave that people to establish and set up and maintain their own government. The time will come when Republicans will be glad when we get out of this thing without worse things happening than are now."

"What does the Senator mean?" demanded Mr. Spooner, "when he speaks in general terms of a carnival of fraud and corruption?"

"I mean the things disclosed. A bill of particulars has been filed already. It is not the administration at fault. It is a natural result. There never has been an instance of the setting up of a supreme government in a colony or dependency that has not been attended with precisely the things that we have seen in Cuba. Congress is as much at fault. The administration is not at fault. The administration has selected men who are believed to be good men. We went into it with utter confidence, believing that it was an easy thing. I voted against the peace treaty because I believed colonial dependencies would result in precisely what has occurred. I am glad to see that the administration is trying to guard it, but I do not want anybody to say that it is an unexpected thing."

Mr. Spooner: "So far as anything I said is concerned the Senator's observations are, in the language of Shakespeare, 'a bolt of nothing shot at nothing.' We went to war to free Cuba. Have we done Cuba and the Cubans no kindness by pouring out millions of our money and shedding the blood of our soldiers in order to drive Spanish tyranny forever from Cuba? Has the Senator any suspicion in his mind or in his heart that the pledge made in the resolution passed by Congress as to the temporary character of our occupation in Cuba is not to be kept?"

Mr. Hale: "I have very grave suspicions. I think there are very powerful influences in this country, largely located in New York City, largely speculative and connected with money-making enterprises, that are determined that we shall never give up Cuba. I think that the time will never come unless some-

thing earnest and drastic is done by Congress that the last soldier of the United States will be withdrawn from Cuban soil. I do not believe the President favors holding Cuba. I discovered very powerful influences, commercial, mercantile, money and political, that are opposed to our ever withdrawing from Cuba. I take up the newspapers that are foremost in the large cities and I find every day intimation and hints that we are never to withdraw from Cuba."

What decides it more immediately than a corset? Have you tried the P. N.? Or even examined its merits? It combines all the points of Corset goodness that shapely form and careful work can give. The P. N. will positively tend to mould the figure to perfect outlines. It is rust proof and cut with bias fronts may safely be called unbreakable. It's the kind of corset in which we have such absolute faith we offer "money back" if not satisfactory. While the P. N. is unyielding in outline, it is so perfectly boned and skillfully moulded a corset of greater comfort could not be desired. In white only.

ECLIPSE NEXT MONDAY.

Get Your Smoked Glass Ready to Look at
Old Sol as He Hides Behind
Fair Luna.

A rare astronomical event will take place early next Monday morning.

Between 6:30 and 9 o'clock, there will be a total eclipse of the sun.

The area or path of totality will be only about sixty miles wide, and will take in Norfolk, Va., Raleigh, N. C., Columbia, S. C., Mobile, Ala., and New Orleans.

As the path of totality is approached from either North or South, less and less of the sun will be visible, and of course, the further away, the more of the orb of day will be seen.

In this section about nine-tenths of the sun will be obscured. The first appearance of the eclipse here will be visible between 6:30 and 6:45 o'clock, nearer the latter hour.

Get your smoked glass ready, then get up early Monday morning if you wish to take in this rare and grand heavenly show.

Great preparations have been made in scientific circles throughout the United States and Europe for observing the rare sky spectacle booked when the moon will get directly in between the earth and sun.

Over the earth's surface affected by the eclipse the moon's physical bulk intervening will cast dark shadows that will speed across the earth at the rate of sixty-eight miles a minute.

A SUDDEN DEATH.

Mrs. Margaret Creighbaum Passed Away at 2 o'clock This Morning After a Brief Illness.

The friends of Mrs. Margaret Creighbaum, wife of Mr. Samuel Creighbaum, were shocked this morning by the news of her sudden death, at the family residence on East Fourth street. Mrs. Creighbaum was out visiting some of her neighbors Friday afternoon and was apparently in the enjoyment of her usual health up to about 9 o'clock last night when she was taken ill, her death resulting, from heart failure, about 2 o'clock this morning.

Mrs. Creighbaum was a daughter of the late James and Amelia Childs, and was born in this city. She was sixty-four years old February 22nd, and is survived by her husband, two children, George and Lydia, and one stepson, James. She leaves one brother, Mr. George W. Childs, and one sister, Mrs. I. N. Foster.

The funeral will take place Monday at 2 p. m. at the residence, Rev. Dr. Barber officiating. Burial in the Maysville Cemetery.

Mrs. Creighbaum was one of the oldest members of the First Presbyterian Church.

BACON-KEHOE.

The Christian Church at Flemingsburg the Scene of a Happy Marriage Last Wednesday.

The new Christian Church at Flemingsburg was crowded last Wednesday evening with a happy throng, the occasion being the marriage of Mr. Warren Adams Bacon, Jr., of Paris, and Miss Frances Bruce Kehoe, of Flemingsburg. The ceremony was performed by Rev. F. W. Eberhardt of Paris. Saxon's orchestra played the "Bridal Chorus" from "Lohengrin" as the party entered the church, and Mendelssohn's March after the ceremony.

The bride, who was very lovely in her wedding gown of white silk, with train and veil, came in with her maid of honor, Miss Nellie Kehoe, of Washington, D. C., who was also attired in white silk. Both carried bouquets of Bride roses.

The groom and his best man, Mr. J. W. Bacon, of Paris, came by another aisle, and met the bride and maid of honor at the altar. The bridesmaids, Miss Olive Fant and Miss Lillian Armstrong, of Flemingsburg, both costumed in pink, came in singly, carrying bouquets of Bride roses, and were met at the altar by the groomsmen, Messrs. John Brennan, of Paris, and Mr. Thomas Harrahan, of Chicago, who entered by another aisle. The ushers were Dr. Harry Dudley, Paul Kehoe, John W. Lawson and Mr. Vansant, of Flemingsburg. This was the first wedding to be celebrated in the new church.

After receiving congratulations at the bride's home, Mr. and Mrs. Bacon drove to this city, and next morning started for a trip to Cincinnati, Cleveland and Detroit.

Mr. Bacon is a son of Mr. W. A. Bacon,

of Paris, and is a successful young business man. His bride is the lovely daughter of Dr. and Mrs. H. C. Kehoe, of Flemingsburg, and a niece of the Messrs. Kehoe of this city.

At his last appointment Rev. T. F. Bowman preached in the morning to a good congregation and hewed to the line regardless of where the chips fell. At night he had a full house and preached on "Woman's Rights." He said he wished it distinctly understood that he did not talk on that subject to be applauded by the good ladies present, but every word he would say would be from the depths of his heart. Anyway, he gave the women the best of it from Mother Eve to the present time, and hoped to see the day when the good women of our beloved country will get a whack at the ballot-box.

Lots More Proof Like This and It is All From Maysville People.

"The proof of the pudding is in the eating of it." If any city or town in the Union has sufficient proof on the following subject it is Maysville. Genuine merit is finding its reward in the hearty endorsement of local citizens. When people right here at home, friends and neighbors of our readers, give a statement like the following for publication it is proof convincing for the most skeptical. Read this testimony: Mrs. O. Crosbie, of 436 East Second street, says: "I value Doan's Kidney Pills exceedingly. Their wonderful healing and curative powers were very quickly made manifest. I advise others suffering from their back or kidneys to go to J. Jas. Wood & Son's drug store, corner of West Second and Market streets, procure Doan's Kidney Pills and give them a fair trial."

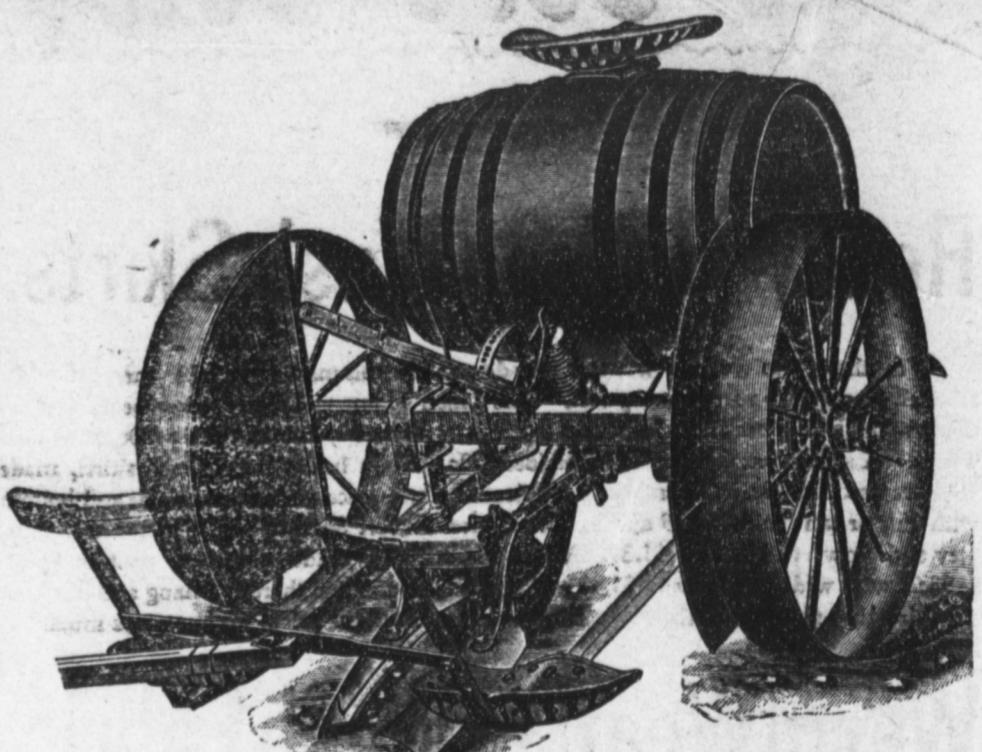

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.
